Overview

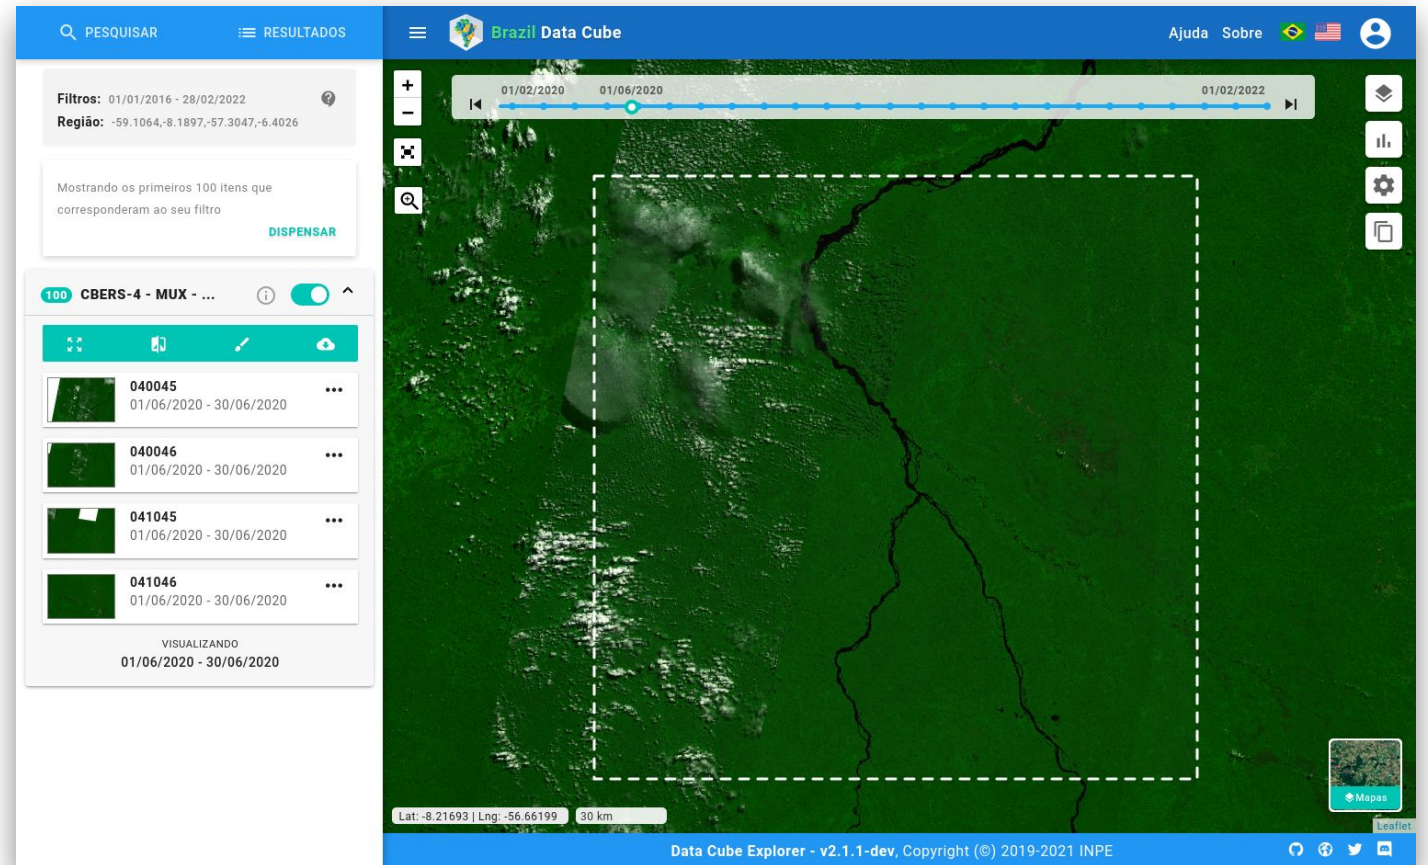

Data Cube Explorer is a web portal for **visualizing** data cubes, image collections, mosaics and classifications.

<https://brazildatacube.dpi.inpe.br/portal>

Data Cube Explorer

- The DC Explorer has a set of features for **viewing** and **downloading** the image collections, some of these features are:
- Spatio-temporal search of data cubes, image collections, and classifications;
- Temporal visualization of images, with timeline;
- Time series visualization and Land use trajectory;
- Editing the RGB composition of the images;

<https://brazildatacube.dpi.inpe.br/portal>
